

PRINCE2® Foundation and Practitioner

14 - 25 April 2025

Singapore

PRINCE2® Foundation and Practitioner

course code: M15015 From: 14 - 25 April 2025 Venue: Singapore - course Fees: 8250 Euro

Overview:

This combined PRINCE2® Foundation and Practitioner course is designed to give candidates a comprehensive overview of the PRINCE2® methodology

This extensive course will enable candidates to apply and tailor the PRINCE® principles, themes, and processes, to enhance productivity and operational functioning of projects. Whilst delineating how to improve a project's operational performance, this comprehensive course will ensure that a candidate can work within a PRINCE2® team fundamentally ameliorating project practices.

As the most popular project management methodology in the UK, PRINCE2® is a malleable and established process-driven methodology that appears ubiquitously across a variety of industries. Hence, this PRINCE2® Foundation and Practitioner course promotes an appreciation for project risk, contingency plans, business justifications, and of how to optimise individual project contributions - enhancing a candidate's project management skill and qualification repertoire

This PRINCE2® foundation and practitioner training course covers the following topics:

Introduction to Projects and the PRINCE2® methodology:
