

International Financial Reporting Standards

21 April - 2 May 2025

Singapore

# International Financial Reporting Standards

course code: F2003 From: 21 April - 2 May 2025 Venue: Singapore - course Fees: 8250 Euro

## Introduction

In a global and increasingly competitive environment, the need for effective and enforced Corporate Governance and International Financial Reporting Standards (IFRS) is all too evident.

This programme establishes the Case for Corporate Governance and International Financial Reporting Standards by examining such inappropriate practices such as creative accounting, off balance sheeting financing and examples such as Enron and World Com among others.

The programme begins with an exploration of the Framework for the Preparation and Presentation of Financial Statements in accordance with IFRS is then examined via case studies, syndicate/group work and exercises aimed at increasing knowledge, understanding and application of IFRS.

This is followed by an evaluation and interpretation of financial reports prepared in accordance with IFRS.

This programme, the preparation and analysis of financial statements, takes a detailed review of the content and meaning of the annual report and accounts of medium and large sized companies. The programme uses International Financial Reporting Standards as the basis of the preparation and analysis of the financial reports discussed.

## Objectives

### By the end of this programme you will be able to:

- Become aware of the case for Corporate Governance and International Financial Reporting Standards
- Identify the creative accounting methods adopted by companies when preparing their financial statements
- Appreciate the Lessons Learnt from accounting scandals such as the Enron and World Com cases
- Gain an understanding of the Structure of IFRS
- Become aware of the adoption of IFRS, Current Issues/IFRS Convergence Projects and the Problems of Convergence
- Be able to Present Financial Statements in accordance with IFRS
  - balance sheet: statement of financial position
  - income statement: statement of comprehensive income
  - cash flow statement: statement of cash flows
  - statement of changes In equity
  - statement of recognised income or expense ("SORIE")
  - notes, including a Summary of the Significant Accounting Policies
- Gain an understanding of the major IFRS
- Be able to evaluate and analyse financial statements and the impact of IFRS

## Training Methodology

This programme is highly interactive: from the very first session of the in case exercises and problem solving. You will be encouraged to make the link between the training room and your office and organisation. Overall, the programme will expose you to a range of learning methodologies that include

- Mini lectures that introduce the main concepts
- Case exercises to test understanding
- Case histories to develop understanding and application
- Class discussions during which you will be given the opportunity to share your opinions and experiences with your fellow delegates

In addition to what might be called traditional materials, you will also be provided with a variety of real life materials and experiences: the training materials contain information drawn from a wide variety of sources from around the world.

You will be given the opportunity to bring along your own materials for inclusion in the discussions to be held throughout the programme.

### **Personal Impact**

You will learn a wide variety of techniques for analysing the content of the financial reports of an organisation: you will become immediately proficient at such analyses by attending this programme. In addition to class based analytical techniques, you will be introduced to various aspects of spreadsheet based analysis together with such techniques as Z Score analysis.
