# Logistics & Transportation Management

course code: C8122 From: 8 - 19 July 2024 Venue: Singapore - course Fees: 5500 Euro

## INTRODUCTION

Effective management of the flow of materials throughout an organization's supply chain is of critical importance. In this **conference** you will learn how to:

- Utilize modern purchasing management techniques
- Sharpen your negotiation skills
- Manage inventories in a more productive manner
- Improve control over warehouse and transportation operations

## CONFERENCE OBJECTIVES

- Examine the most effective purchasing practices
- Learn new trends in supplier management
- Gain greater insight into the negotiation process
- Study the use of negotiation techniques
- Develop a strategy to better manage inventories
- Examine inventory reduction techniques
- Explore new methods and technologies in warehousing
- Analyze the function of transportation management

## CONFERENCE METHODOLOGY

Participants will learn by active participation during the programme through the presentation of conference material, exercises, training videos and discussions of "real life" issues in their organizations.

## CONFERENCE SUMMARY

The quality of operations in the logistics function has a direct impact on the operating performance of an organization. This programme is focused on the most modern techniques for the improved management of the flow of materials into and through the organization. It is concerned with all the areas responsible in the logistics process including procurement, inventory management, warehousing and transportation. The seminar also covers the negotiation skills necessary to obtain your requirements in all of these areas.
