The Oxford 5-Day MBA in Finance

course code: F2019 From: 3 - 7 February 2025 Venue: Madrid (Spain) - course Fees: 4500 Euro

Introduction

It is crucial that today's business professionals understand the flow of financial resources. Such an understanding is needed daily; whether it is used to anticipate trends, evaluate company performance or obtain funding. People from non-financial backgrounds are often called upon to make decisions based on modern financial controls, and they must have the know-how to navigate the financial systems that have a significant impact on their professional responsibilities.

Oxford Management Centre has created the 5 Day MBA in Finance to provide business professionals with a deeper understanding of corporate finance as practiced by today's most powerful companies. Designed specifically for non-financial personnel, this intensive seminar approaches the subject of finance as it relates to the corporation as a whole.

The highlights of the course include:

- Extensive and deep coverage of the subject area
- Real world approach to the discipline
- Numerous examples based around market data
- Contemporary approach drawing on recent market developments
- Integration with spreadsheet modelling

Objectives

The seminar provides delegates with the tools required to find better answers to questions such as:

- What is the appropriate discount rate to be used in investment appraisal?
- What are the pros and cons of different types of financing?
- What factors must be considered in deciding on a dividend policy?
- What is the exact nature and scope of the issue to be analyzed?
- What products are available to manage risk?
- Why is correlation so important in managing risk?
- Which specific variables, relationships, and trends are likely to be helpful in analyzing an annual report

Training Methodology

Using a combination of lectures, group exercises and individual exercises with practical applications, the delegates will gain both a theoretical and practical knowledge of the topics covered. The emphasis is on the real world and as a result delegates will return to the workplace with both the ability and the confidence to apply the techniques learned.

Delegates are requested to please bring a notebook PC to the seminar
