## Introduction

An effective training administrator coordinates the administrative activities of the training function, maintaining and developing information systems to enable the department to operate proactively in employee development and training.

## Objectives

**This seminar is designed to ensure that delegates are:**

- Equipped with the essential skills to confidently give expert support in the planning and preparation of training events
- Provided with a good knowledge of training systems, best practice and the interpersonal skills necessary to build positive relationships.

## Training Methodology

This is a very practical program, use of case studies, group work and interactive sessions will make the learning experience very relaxed and productive. Appropriate illustrative DVD's will be used to illustrate specific topics.

## Organisational Impact

The significant benefit the organisation will get by supporting this program is

- Professionally qualified staff
- A certified program which is for achievement not just attendance, the issue of the ILM accreditation is subject to an optional follow up project by the delegate -thus ensuring full understanding of the program
- A common approach using the latest methods and supporting soft ware
- Methodologies taught are well documented and will be easy to audit for efficiency
- The delegates will be able to prioritise training using a new process and also to cost training by category.
- This course represents a high ROI

## Personal Impact

**Delegates who attend this program will**

- Gain a useful complete overview of how training departments function
- Delegates will get the very latest in innovation and practices that will add value to the training function
- Gain confidence by getting a thorough understanding of how things work and why things need to be done in a certain way
