International Trade Law Practice Under WTO

course code: P4026 From: 17 - 28 November 2024 Venue: Dubai (UAE) - course Fees: 2500 Euro

The Course

International business is increasingly conducted under the influence of a growing body of international Law. These set the framework for international trade, and competition in trade, with the aim of removing unnecessary barriers. The World Trade Organisation (WTO) has been at the forefront of establishing global trading practices, but other multi-lateral and bilateral agreements need to be considered. This course provides an introduction to this legal framework for the non-specialist.

The course covers:

- The aims and intentions of international agreements
- Practical implications for businesses trading internationally
- Legislation applicable for international government procurement

The Goals

- Overview of aims of WTO
- Overview of applicable legislation
- Overview of current bilateral and multinational agreements
- Understand the WTO legal system
- Review WTO Obligations and Commitments
- Study the WTO's dispute settlement, monitoring and enforcement system

The Process

Participants will learn by active participation throughout the programme through the use of course materials, exercises, questionnaires, training videos and discussion of "real life" issues in their organizations.
