# Workshop Drafting Enforceable Contracts Conditions

course code: P9055 From: 3 - 21 November 2024 Venue: Dubai (UAE) - course Fees: 3750 Euro

## Program Overview

In this program you will learn about...

This is a workshop for Contract Drafting and Reviewing Professionals – participants will spend substantial part of time on hands-on doing drafting exercises closely resembling their own job requirements. The participants will also learn the art of knowledge accumulation for effective, productive and enforceable contract drafting.

Program includes instructor assisted individual practical work.

In this program you can choose to work on any one of following workshops...

- Civil Project
- Mechanical, Electrical Project
- Turnkey Project (Design Build)
- Supply of Services or Labour Contract
- Negotiated Contract, Single Source Contract
- Consultant Contract
- Procurement Contract
- General Tender Preparation, Invitation, Analysis Award

In Every Project or Works Contract there lies the possibility for disputes due to varied interpretations, different trade meanings, discrepancies and ambiguities in Contract Documents. Those drafting contracts often lack knowledge of Technology, Methods and Practices of the Industry.

Risk Reduction by Planned Risk Transfer is the single most important purpose of this program. Past participants have reported great benefits they achieved on their projects and contracts using the analysis and methods introduced in this program.

Drafting Contracts from the viewpoint of risk transfer involves an integration of Law, Methods, Practice and Technology. Useful inputs are possible from properly informed Engineers to Lawyers.
