

Prequalification of Suppliers, Service Providers & Contractors for Key Projects

course code: P9441 From: 22 July - 9 August 2024 Venue: Baku (Azerbaijan) - course Fees: 6750 Euro

Program Overview

In this program you will learn about...

Once you have hired a Contractor - who is now failing to perform - the Best Advice is to put your arms around his shoulder and help him complete the project. Keep the documentation on the help that needed to be provided and report this in the project closedown report - so he can be blacklisted or adequately vetted next time he bids.

The key to successful contracting lies in a strong prequalification system that ensures the selected contractor not only is Motivated and Determined to provide you the specified or better product, but also has the Relevant and Effective Experience, Systems in place to ensure he can meet the undertaken commitments. This program is oriented to provide this essential understanding.

In this program you will learn about how to setup such a prequalification system - Policy, Procedures, Work Instructions, Controls, Feedback and Continual Improvement.

Program Content

(Customized for each participant group)

1. Major Causes of Contractor and Supplier Failure to Perform.
2. Traditional Prequalification Criterion and its Analysis
3. New Prequalification Strategies:
 1. International Best Practices
 2. Industry Specific Best Practices.
4. Systems (processes, policies, procedures, controls, feedback and continual improvement) the Supplier or Contractor must have for us to be able to feel confident of his capability to supply the Promised Products or Services and on time.
5. Set up systems to ensure the loss of user/customer feedback/ preference information due to use of Contractors and Suppliers does not curtail our improvement and innovation processes.
6. Step-by-Step Methodology for Contractor or Major Supplier Prequalification that incorporates the Good and Best Industry Practices.
7. Contract Conditions that assist Contractor's Superior Performance.
